

Automatic Investing

Automatic investing

can be a good and easy way to save for the future, regardless of your stage of life. Whether you are starting your first job, preparing for a child's college expenses, or planning for retirement, it is never too early or late to save.

FAM Funds offers automatic investing with a minimum recurring investment of only \$25 for each type of account (including individual, education savings, and IRAs) and contributions can be set for various options such as weekly, monthly, or quarterly.

ANNUAL ACCOUNT ACCUMULATION

HYPOTHETICAL CHART

- The chart shows the potential power of automatic investing over time.
- It is based on a \$100 monthly investment returning 8% annually (compounded monthly).
- After 25 years, your total contributions of \$30,000 would have grown to \$95,103.

ASSUMPTIONS

- Calculation assumes earnings are compounded (monthly/annually).
- Calculation assumes that additional deposits are made at the end of each month.
- Calculation does not consider the effects of inflation.
- Calculation does not consider the effect of federal or state income taxes.
- If you are investing in stocks or stock mutual funds, obtain a prospectus and read it carefully.
- Past performance is no guarantee of future results.
- The results are hypothetical and may not reflect the actual growth of your savings or investments.

All investing involves risk including the possible loss of principal. Before investing, carefully read the fund's investment objectives, risks, charges and expenses. FAM Funds' prospectus or summary prospectus contains this and other important information about FAM Funds and should be read carefully before you invest or send money.

To obtain a prospectus or summary prospectus and performance data that is current to the most recent month-end for each fund as well as other information, please go to famfunds.com or call (800) 932-3271.
